## About Aakar

Aakar by SAPTI stands as a testament to the vibrant celebration and continued promotion of the ancient art of stone carving in Gujarat and throughout India. This innovative initiative not only preserves the time-honored craft but also introduces a contemporary touch. Through its distinctive concept and retail platform, Aakar presents a diverse array of stone creations, bridging the gap between traditional and modern art, and making them accessible to a wider audience. The designs featured at Aakar are the result of collaborative efforts between students and faculty from SAPTI centers in Ambaji and Dhranghadra, all while staying deeply rooted in our cultural heritage and practicality. SAPTI, a pioneering educational endeavor endorsed by the Office of The Commissioner of Geology and Mining, Industries and Mines Department, Government of Gujarat, is dedicated to nurturing and advancing the skill of stone craftsmanship.
